Corporate Partnership Program

Insuring Quality Entertainment and Event Lighting

"We absolutely loved your DJ service. Your staff was so professional and you guys were so willing to try something new for us. You guys truly treat the event like it is your own, wanting to make everything perfect for the bride and groom. You guys also treated us as friends more than you did "clients" and we loved that...Our DJ's voice was perfect and his interactions with the crowd were as if he were just another guest there. Being able to emit that comfort level to interact so naturally with a bunch of people you do not know is a real talent...Thank you for making a truly one-of-a-kind experience for us."

- Jared and Jamie Mullins, **HGTV DreamHome Wedding**

"I am NOT exaggerating when I tell you that I had SEVERAL people come up to me during the reception and tell me how awesome the music was and asked how I found y'all. Ahh!! It was so fun for me, as the bride, to know that these people were genuinely LOVING the music and dancing. And I have no one else to thank but SoundSource."

- Diana Schwarzlose, **Mandola Estate Winery**

"Aaron and I had such a fabulous time! My feet were pretty dead after that serious dancing! I could not leave the dance floor. It was too fun! The music really made the night. It was just perfect. From my spastic college girls to my grandma...everyone has raved about it! It was exactly what we were looking for. You did a great job making announcements and really commanded control of the space...even though I know it was a hard space to work in! Thank again for being such an important part of our day!...You're definitely the best DJs in Texas...no contest!"

- Aaron and Megan Fenderson, **The Historic Marshall Hotel**
